

```
public class ThrowEx3
{
    public static void checkAge(int n) throws ArithmeticException
    {
        if(n<=18){
            throw new ArithmeticException("Access Denied - You must be 18");
        }
        else{
            System.out.println("Access granted - You are old enough");
        }
    }

    public static void main(String[] args) {
        checkAge(7);
        System.out.println("chandan");
    }
}
```
